HISTORIC RESOURCE DESIGNATION APPLICATION (CONT.)

Criteria for the Designation of a Class 1 Historic Resource:

Pursuant to the Palm Springs Municipal Code (PSMC) Section 8.05.070(C,1): A site, structure, building, or object may be designated as a Class 1 historic resource or a Contributing Resource in a proposed historic district by the Palm Springs City Council, provided both of the following findings are met. Refer to the US Department of the Interior National Register Bulletin "How to Apply the National Register Criteria for Evaluation" of potentially historic resources for further information.

Provide a written description of how the site qualifies as a historic resource per the following Findings. Please provide answers on a separate sheet or report.

FINDING 1: The site, structure, building or object exhibits exceptional historic significance and meets one or more of the criteria listed below:

- a. The resource is associated with events that have made a meaningful contribution to the nation, state, or community. 1
- b. The resource is associated with the lives of persons who made a meaningful contribution to national, state or local history.
- c. The resource reflects or exemplifies a particular period of national, state or local history.
- d. The resource embodies the distinctive characteristics of a type, period, or method of construction.
- e. The resource presents the work of a master builder, designer, artist, or architect whose individual genius influenced his age, or that possess high artistic value.
- f. The resource represents a significant and distinguishable entity whose components may lack individual distinction, as used in evaluating applications for designation of historic districts, for parcels on which more than one entity exists.

FINDING 2: The site, structure, building or object retains one or more of the following aspects of integrity, as established in the Secretary of the Interior's Standards. Provide a written description for each element as listed: Design; Materials; Workmanship; Location; Setting; Feeling; and Association. 2

Criteria for the Designation of a Class 2 Historic Resource:

Pursuant to the Palm Springs Municipal Code (PSMC) Section 8.05.070(C,1): A site, structure, building, or object may be designated as a Class 2 historic resource of a Contributing Resource in a proposed historic district by the Palm Springs City Council, provided the site, structure, building, or object exhibits significance and meets one or more of the criteria listed in Finding 1 above. A Class 2 historic resource is not required to meet the findings for integrity as described in Finding 2.

Criteria and Findings for Designation of Historic Districts:

In addition to the criteria listed in Finding 1, to be considered for designation as a Historic District, a defined area must:

- a. Contain contributing resources on a majority of the sites within the proposed district which individually meet the criteria in Finding 1. The defined area may include other structures, buildings, or archaeological sites which contribute generally to the overall distinctive character of the area and are related historically or visually by plan or physical development. *Provide a separate list by address and Assessor Parcel Number (APN) for each site/parcel that meets the criteria outlined in Finding 1.*
- b. Identify non-contributing properties or vacant parcels to the extent necessary to establish appropriate, logical or convenient boundaries. *Provide a separate list by address and APN number for each site/parcel within the proposed historic district that is considered non-contributing to the overall historic significance of the historic district.*

1 NOTE: Unlike the National Trust criteria, the City's criterion does not consider "patterns of events". For consideration of "patterns of events", use Criterion "C", reflecting a particular period.

2 NOTE: Refer to the U.S. Department of the Interior Bulletin for "How to Evaluate the Integrity of a Property".
