

Map 3 - 4 Districts + At-Large Mayor - Washes

District communities of interest in this map are organized around common watersheds. Each district has stewardship over one or more washes. The Mayor would be elected at large. Only one district (Chino/Whitewater) has a total population where minorities in the majority (60.2%) but this dissipates to only 41.2% when only citizens of voting age are considered. This is due to the large drop-off of latinos in the total population who do not qualify as voting age citizens (e.g., children, green card holders, other immigrants without voting privileges, convicted felons)

District 1 - Chino/Whitewater - Northernmost district comprising census areas in the Chino Canyon wash along the Chino Creek north of Tramway Road to its confluence w/ the Whitewater River wash and all census tracts along its northern tributaries of the San Gorgonio River, Snow Creek, Garnet Wash & Mission Creek. It then also includes all census areas along the Whitewater River right bank wash/levee from the airport east until it meets the Tahquitz & Palm Canyon washes to the south. Southern boundary runs along northern edge of Racquet and Ranch Club neighborhoods in District 2 (San Rafael dropping to Francis Drive @ Starr dropping to Racquet Club @ Sunrise Way to North Farrell until it drops to Vista Chino Road. One-PS neighborhoods which are kept intact. Minority populations comprise the majority percentage of the total population and include the following One-PS neighborhoods:
