DUTIES AND RESPONSIBILITIES OF THE SPECIAL INSPECTOR

Department of Building & Safety

3200 East Tahquitz Canyon Way

Palm Springs, CA 92262

PO Box 2743, Palm Springs, CA 92263

Tel: 760.323-8242 | Fax: 760.322.8360 | TDD: 760.864.9527

1. The Special Inspector must call into the Building & Safety Department 24 hours prior to arriving at the job location (760-323-8242). Waiver of this requirement is subject to the approval of the Building Official.
2. The Special Inspector shall observe the work assigned to be certain it conforms to the **City Approved Plans**. The approved plans shall be available when work is in progress. The Special Inspector shall not accept any deviation from approved plans unless the revision has been approved by the Building & Safety Department.
3. The Special Inspector shall furnish inspection reports on approved report forms to the Building & Safety Department, the Engineer or Architect of Record, and other designated persons in a timely manner. **All discrepancies** shall be brought to the immediate attention of the contractor for correction; then, if uncorrected, to the proper design authority and to the Building & Safety Department.
4. Notify the Building & Safety Department and the responsible person in charge of work if any emergency arises that will keep you from the job while work is in progress. Work requiring a Special Inspector must be stopped unless the owner has obtained an approved substitute Inspector, approved by the Building & Safety Department.
5. The Special Inspector shall submit a Final Report to the Building & Safety Department stating that to the best of their knowledge, the work requiring special inspection was done in conformance with the approved plans and specifications and the applicable workmanship provisions of this code.
6. Your presence on the job does not excuse the project from the other formal inspections made by the regular inspection force of the City. Concrete shall not be placed on any job until approval to do so has been granted by the City Building Inspector.

In clarifying the role of the Special Inspector, it is important to remember that the inspections you will perform are required **in addition to** the inspections performed by the City Building Inspectors. Therefore, you are **not** authorized to assume the role or responsibility of the City Building Inspectors; rather, you should work closely and in harmony with them.

If you have any questions regarding the performance of duties and responsibilities, please contact the Building & Safety Department at (760) 323-8242.
