This collection of metrics is intended to help illustrate the impact of COVID-19 on the hospitals in Riverside County. The Emergency Management Department (EMD), in partnership with the Public Health Department, collects and tracks multiple metrics to assist in the County's response to COVID-19.

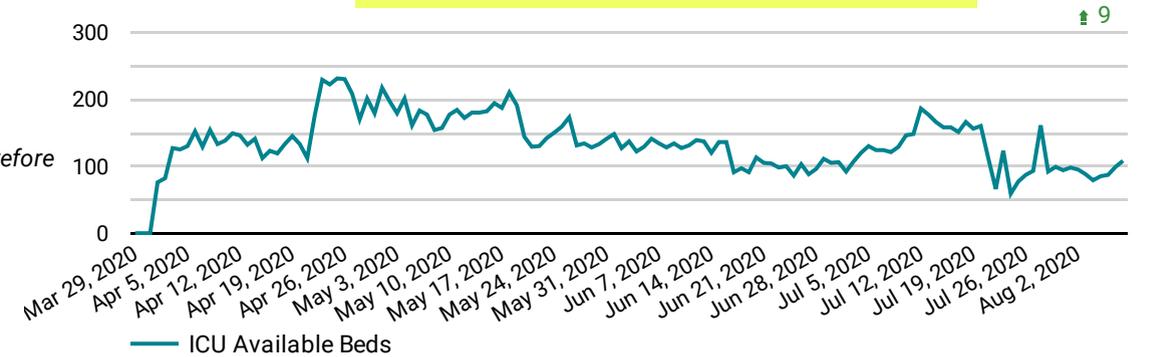

For the most up-to-date Riverside County Coronavirus information, please visit the Riverside County Public Health Department's website: <https://www.rivcoph.org/coronavirus>

For statewide Coronavirus data, please visit the California State COVID-19 Page: <https://covid19.ca.gov/>

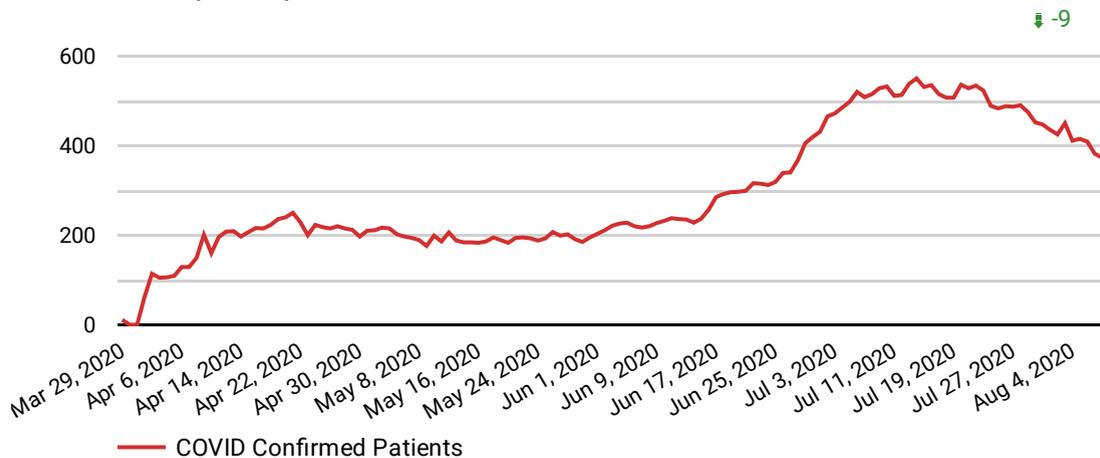

Data Source: State COVID-19 Tracking Database. Reporting of data runs 24 hours behind for State datasets, therefore the metrics below will normally be current with yesterday's data.

State methodology for data reporting and metrics changed on 7/22/2020 for this dataset. Some metrics are under revision to align with the new methodology to better understand the pandemic's impacts on hospitals.

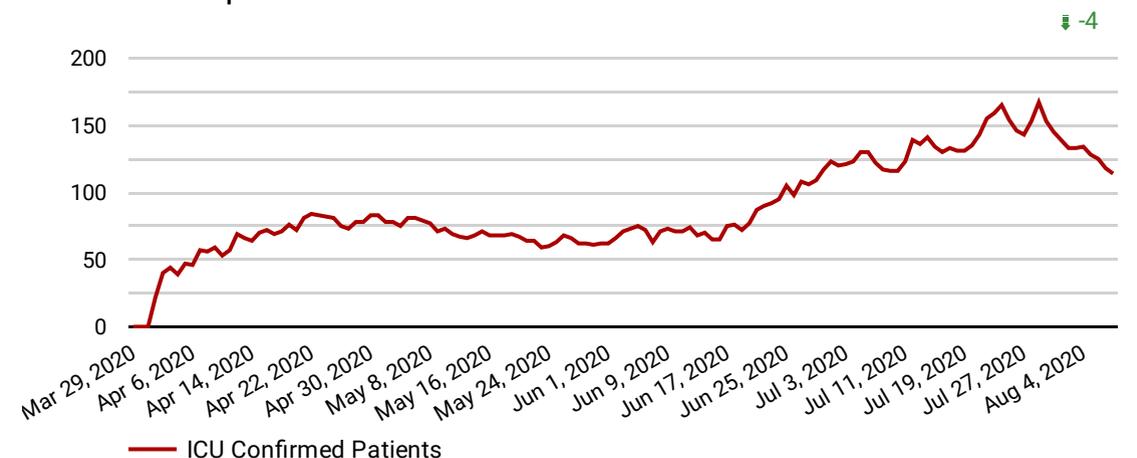

Available ICU Beds (As of 7/22/2020, this no longer includes NICU and surge beds) **108**

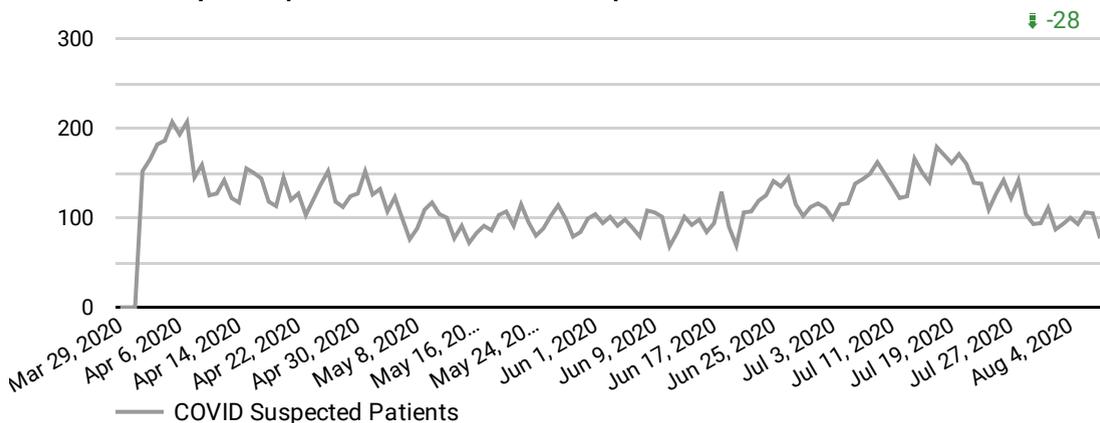

Currently Hospitalized COVID-Positive Patients **373**

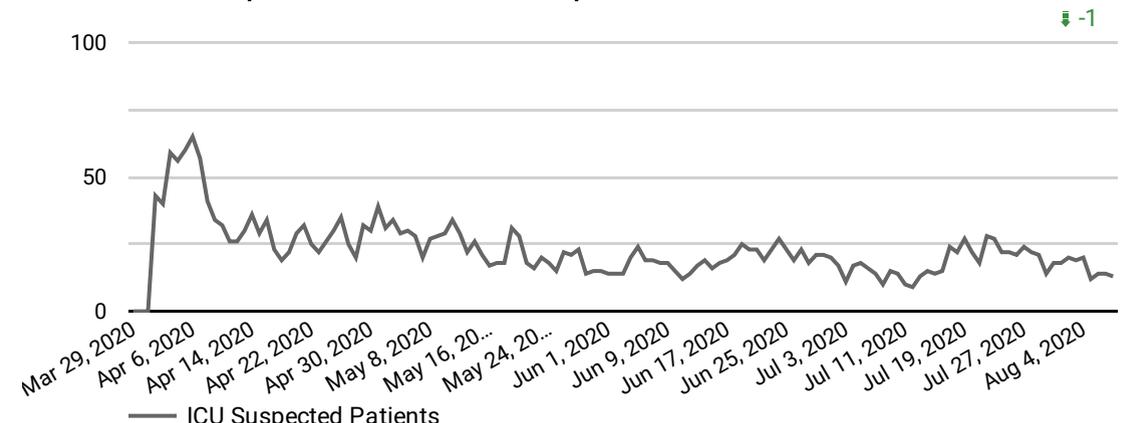

ICU - Hospitalized COVID-Positive Patients **114**

Currently Hospitalized COVID-Suspected Patients **77**

ICU - Hospitalized COVID-Suspected Patients **13**
