Pool drainage\* shall be permitted **MONDAY – THURSDAY from 7:00PM – 6:00AM.**

The Permit Holder shall be responsible for providing barricades and/or warning devices if necessary to protect the public from injury or damage occasioned by the Permit Holder's equipment or apparatus. The Permit Holder shall also be responsible for damages to public and private property during pool drainage.

Permit Holder shall post one copy of the permit at the site and in a location accessible to the view of the public.

The creation of a nuisance shall be the cause for revocation of this permit.

**\*CHLORINATED WATER MAY NOT BE DISCHARGED!**

Permit Holder must stop chlorination of pool, spa or fountain 3-7 days prior to pumping water. Permit Holder must use a standard pool test kit to ascertain that the level of chlorine in the water is of the low end of the scale. Unchlorinated water may be discharged into the concrete gutter of public street. For streets with no curb and gutter, unchlorinated water may be discharged onto private property to percolate into ground or in a manner that will not cause soil erosion into the public street.
