**Shredding, e-waste and bulky item drop-off event slated for Saturday, Oct. 17**

Oct. 14, 2020

The City of Palm Springs Office of Sustainability is pleased to announce it will hold its next shredding, e-waste, and bulky item collection event in conjunction with Palm Springs Disposal Services on **Saturday Oct. 17**.

The event will be held from **8 a.m. – 12 noon**, in the parking lot in front of City Hall, 3200 E. Tahquitz Canyon Way. The entrance to the drop-off area will be along El Cielo Road. Please look for signs to direct you. The event is open to Palm Springs residents only. Please do not arrive before 8 a.m. to avoid traffic congestion. Collection will run throughout the morning until the trucks are full.

Those interested in dropping off materials should follow COVID protocols for a contactless process:

- **Wear a mask**
- **Stay in your vehicle**
- **Put materials to be shredded/recycled in your trunk or rear of your vehicle**

Shredding and e-waste collection will be at different drop-off stations, so please keep these materials separate. Paper to be shredded is limited to about three 9x13x17 boxes – the size of a case of paper from an office supply store. Electronic waste includes common things such as computers, monitors, TVs, phones, fax machines, and small appliances. Please do not bring any household hazardous waste materials such as batteries, tires, air conditioning units that may have refrigerants, and equipment that may have oil and gas.

Palm Springs Disposal will also be hosting their bulky item drop-off event at the same time in the back of City Hall. Please enter from El Cielo Road. Palm Springs residents are welcome to bring larger appliances, furniture and other items to that event for them to collect. They will recycle what they can and dispose of the rest.
