Loretta,

Please forward to any and all interested parties.

Since my appointment to the PSRCC I have moved to Palm Desert. I thought that I could reasonably keep my duties on the PSRCC as when I was appointed I was a resident of PS. However, I sought clarification from the Clerk's office and was told that by moving I am no longer able to be on the PSRCC.

Hence, my resignation from the PSRCC.

I found the experience to be informative and challenging. I hope that the PSRCC will be able to go forth and deal with all of the challenges that lay out front: technical, social and political.

Yours,

Jeffrey Zucker
