To the City Council of Palm Springs,

Please accept my resignation from the Resource Conservation Commission. Because of personal issues, I find I do not have adequate time to devote to the commission. This is a huge disappointment for me. I observe enthusiasm and a real commitment by the members. I envision great progress being made by the members, staff and city as a whole. I really enjoyed being a part of such a dedicated group. Thank you for that.

Sincerely,

Nancy Bentinck
